Greetings in the Lord Jesus.

Your Excellency,

We are very grateful for the great work you offer to the Nuba Mountains. You made gigantic effort to send the priests to assist the Catholic community spiritually and morally. You also offered an immense assistance to all the people in the Nuba Mountains particularly during the famine period which hit our area. We also thank you for the schools opened to educate our children and for having brought the doctors from Germany.

Your Excellency we are aware of your wish to remain for long periods in the Nuba area. But we want to inform you that your staunch stand to defend the dignity and rights of your people make you a big enemy of the Islamic Fundamentalist government. While in the Nuba Mountains the security is tightened, and our soldiers are on the alert for the entire period of your stay.

We suggest that you stay for short period of time but as frequently as you may wish. I think this is a better solution and I am sure will not mind these security measures. We are only interested in your safety and we cherish you a lot. Thank you for your understanding.

May God bless the good work done.

Yours faithfully,

NEROUN PHILLIP
Executive Director, NRRDS
