His Lordship,
Bishop Macram Max Gassis,
Bishop of El-Obeid Diocese,
El-Obeid - Sudan.

Dear His Lordship, Bishop Macram,

Warm greetings and good wishes from Malakal!

I am hereby writing this letter to express my heartfelt gratitude for the wonderful ^{help} which you are offering to the people of Pariang.

People reported to me what you have done and still do to alleviate the suffering of the people by transporting desperately needed relief to the famine-stricken population. I was also told about your assistance to train in Kenya Seminarists and Catechists from that area and for having sent one of your priests to spend some time and celebrate the Eucharist and baptize many people.

I am happy to tell you that one of our priests from Malakal was in Pariang town last year 1998 for Christmas.

Please, Bishop Macram keep on with the good work; and care of our flock in the remote area which we cannot reach from Malakal due to the present situation.

Please, Bishop Macram do not get discouraged because of some problem which you are facing sometimes in connection with our area which you ~~after~~ ^{are} trying to look after.

We are giving you full authorization to do what you can for our people and may God bless your efforts and grant you good health.

With my best wishes and kindest regards.

Yours sincerely,

Vincent Mojwok
