His Lordship,  
Bishop Macram Max Gasis,  
Diocese of El – Obied,  
Nuba Mountains.

Sub: Letter of appreciation:

On behalf of the people of the Nuba Mountains and on my own behalf, I would like to express my sincere and deepest thanks and gratitude to your esteemed office for the great help you have been rendering to the people of Nuba, especially during the period of extreme hardships and difficulties when the area was denied access by Sudan government for humanitarian services.

I greatly appreciate your work especially in the areas of water and education. I hope that you will continue to do much more and that your work would be made easier and safer with the recent signing of a six months renewable humanitarian cease-fire agreement between the SPLM and GOS on 19<sup>th</sup>, January 2002 in Burgenstock, Switzerland. The agreement is intended mainly to allow delivery of humanitarian relief and development assistance to the Nuba people. We would like to assure you that your services are still badly needed despite the anticipated UN intervention.

We are looking forward for more assistance and cooperation. We are all awaiting your forthcoming two schools in Kachama and Lumon to become operational in the very near future.

Yours Sincerely

 11/21/2002

**CDR. Abdul Aziz Adam Al Hillu**  
Regional Secretary, Southern Kordofan Region  
(Nuba Mountains).
